

MEDELLIN COLOMBIA

FEB 18 - FEB 26, 2012

"You think you have yourself figured out, then you attend an LIG International Project and the hidden, deep things are exposed and this has enabled me to get back on track. Now I've got tools that I can use as I talk to leaders."

Mark Hawn

Partner, Trophy Property Developers

"My wife and I could vacation at a luxury resort for the price of the Project but the reality is that you cannot put a value on what has taken place in my life on this project."

Harry Wollin

Principal, Engineering Consultant

"LeaderImpact Group has been a catalyst to help us reach the 'forgotten class' of leaders. After only 10 months of intense partnership, we are beginning to see the signs of movement and transformation!"

Hector Ladislao Leiva

Director of Affairs, Central America

VISION:

Medellin, located in the serene Aburra Valley in northern Colombia, is a vibrant, modern city known for its cultural encounters, the warmth of its people, and is called the "City of the Eternal Spring" for its pleasant spring-like climate year round. It is a city rich in culture and history from its Spanish heritage. Medellin is also Colombia's largest industrial center and has long been Colombia's primary textile manufacturer, in addition to factories producing everything from designer clothing to Toyota SUVs. Privatization and financial deregulation at the national level have opened up the Colombian market.

If you want to impact a country, you must first reach its leaders. LeaderImpact Group and the Christian leaders in Colombia have chosen to establish Medellin as a "model city" to reach non-Christian leaders in Colombia and expand the ministry into other countries in South America. The key Christian leaders in Medellin are asking, "Come, help us open the doors to these leaders and begin to reach them for Christ." You will be involved in evangelistic dinner parties, sector outreaches, Leadership Forums and one on one opportunities with Colombian leaders.

Receive our best training in how to begin a spiritual conversation, share your personal faith story, lead some one to Christ and follow up with them. It's all designed to increase your leadership confidence, empower you to take steps of faith and to make a difference back in your own Canadian city.
